

PEARSON VUE COMFORT AID LIST – UCAT ANZ

The below items are comfort aids and do **not** require pre-approval. They will be allowed in the testing room upon visual inspection by the Test Center staff. Visual inspection will be done by examining the item without directly touching it (or the candidate) and without asking the candidate to remove the item, unless otherwise stated below.

Face masks and gloves

Candidates sitting the test in Australia and New Zealand can bring a face mask and gloves to the test centre if they wish however this is not mandatory. These will be inspected by test centre staff. Test centres do not provide face masks and gloves.

Candidates sitting the test overseas should bring a face mask with them to the test centre. It is mandatory at some overseas test centres to wear a face mask to sit the test therefore we advise candidates to take one in case this is a requirement at their test centre. Candidates can bring gloves if they wish. Test centres do not provide face masks or gloves.

Earplugs

Earplugs can be requested at most test centres. At test centres where earplugs are available, candidates must use the earplugs provided and cannot use their own. Some test centres do not provide earplugs and candidates who wish to use them will need to bring their own. [See this link for test centres that do NOT provide earplugs.](#) (Headphones are not permitted.)
