Candidate data collection

The UCAT ANZ Consortium seeks to minimise bias due to factors such as age, gender, nationality, ethnicity or socio-economic background. In order to do this, we collect demographic, admissions and educational data on applicants to medical and dental schools in Australia and New Zealand.

The Consortium is committed to delivering a quality evidence-based test. Any data collected provides the Consortium with the means to administer an effective, reliable test, verify its fairness and internal reliability, and allows the UCAT ANZ Consortium to undertake quality improvement and research related to selection to medicine and dentistry.

Data analysis for quality improvement and research is undertaken only on anonymised data. The Consortium undertakes to ensure that no individuals or groups can be identified in any published reports or research undertaken on its behalf.

None of the data collected below is passed to Universities during or after the admissions cycle. For further details regarding the collection, security and use of your data please refer to the [Privacy Policy](#) on our website.

Under these circumstances, you can rebook a new test appointment at your own cost (subject to availability). This will be difficult towards the end of testing when availability of test appointments will be limited.

For information about rebooking a test, refer to Missed Test Appointment (below).

Reschedule Policy

Before 29 June (11:59pm AEST) you can reschedule your test at no cost.

To reschedule, log in to your [Pearson account](#).

Rescheduling is subject to the availability of appointments.

During the reschedule process, once you have selected a new appointment there are several more steps to complete before the reschedule is confirmed. You will receive a confirmation email when the test has been successfully rescheduled. If you do not receive the confirmation email then you have not completed the necessary steps.

After 29 June (11:59pm AEST) a rescheduling fee of \$25 AUD will be charged to reschedule your test.

You can reschedule up to 24 hours before your test appointment time.

To reschedule, log in to your [Pearson account](#).

Rescheduling is subject to the availability of appointments. In some circumstances you may need to travel to another location if there are no available appointments at your preferred test location. If you booked a test in the final weeks of testing, you may have difficulties rescheduling due to no further appointments being available.

Test Day

UCAT ANZ 'Fitness to Test' Policy

Candidates who attend their test are declaring themselves fit to sit the test.

- If you are aware of anything that might affect your performance on the day, you should not sit the test. This applies even if you fall ill or experience issues on the day of your test.
- If you are not fit to sit the test, you should reschedule your appointment to a later date (a rescheduling fee is charged). This advice applies even if you have missed the deadline to reschedule and as a result would have to pay the test fee again to rebook.
- If you choose to sit the test against this advice, it will not be accepted as mitigating circumstances.

Earplugs

Test centres in Australia and New Zealand will provide earplugs to candidates who request them. Alternatively, candidates may bring their own disposable earplugs.

- The earplugs must be disposable and in unopened packaging
- Test centre staff will ask candidates to open the packaging and will visually inspect the earplugs
- Only the earplugs are allowed inside the test room

Candidates sitting in overseas test centres (outside Australia and New Zealand) are advised to bring their own disposable earplugs in case their test centre does not provide them.

- The earplugs must be disposable and in unopened packaging
- Test centre staff will ask candidates to open the packaging and will visually inspect the earplugs
- Only the earplugs are allowed inside the test room
